

Swami Vivekananda Government Model School

Keeping with the ever changing competitive world, Swami Vivekananda Government Model School concentrates on staying at par with the infrastructure and facilities of the same and higher standard as that of a Kendriya Vidyalaya with stipulations on pupil-teacher ratio, holistic educational environment, appropriate curriculum, integrated education for the disabled, girl child education, use of ICT (Information and Communication Technology) in schools, transportation remuneration for girls.

Key Features

- Provide holistic and integrated education touching upon physical, emotional and aesthetic development of students, in addition to academics
- Necessary infrastructure not only for teaching needs, but also for sports and co-curricular activities with sufficient scope for sports, recreational and outdoor activities
- Curriculum with local culture & environment and learning that is activity based with facilities like play ground, gardens and auditorium
- To have adequate ICT infrastructure, internet connectivity and full time computer teachers
- Classroom student ratio not to exceed 1:40 with spacious classrooms to accommodate at least 30 students
- Schools to have part time Arts, Music, Physical Education and Drawing teachers besides subject specific teachers as per the usual norms
- These schools to create facility for activities emphasizing Indian heritage, art & craft
- Special emphasis on teaching of Science, Maths and English and if required, bridge-courses may be introduced for weak students
- School curricula to inculcate leadership qualities, team spirit, participation abilities, development of soft skills and ability to deal with real life situations
- Provision for regular health education and health check-up for every student
- An enriched library with insightful books and magazines for students and teachers
- Field trips and educational tours as an integral part of the curriculum
- Special emphasis to be given on English teaching & spoken English
- Affiliation of these schools in Rajasthan to be with Central Board of Secondary Education
- Selection of students, principals and teachers through independent process
- 5 Model schools are being developed on day boarding concept, adopted from Baramati School Model in Maharashtra

Information & Communication Technology (ICT)

Adoption of information technology in learning, teaching and training is appallingly low in the Indian education sector. With an aim to boost digital literacy, bridge digital gap and facilitate the adoption of information technology in education every Swami Vivekananda Government Model School to have ICT Labs with internet facility. E-books and e-content will be made available to students on school education portal. Alongside, there will be provision for installation of English Language Lab, Satcom facility, on-line MIS system for effective monitoring of schools and Smart classrooms equipped with K-Yan projector and screen.

Quality Indicators

To ensure holistic development, these schools will aim at imparting students with knowledge, discipline, a sense of responsibility and confidence. The few parameters for such quality control are:

- Morning assembly in spiritual manner with surya namaskar, yoga, meditation, exercises, etc.
- Motivational and interactive learning environment school
- Focus on co-curricular activities such as WET literary, public speaking & stage participation, cultural activities, vedic maths, music, art & craft and sports
- Regular exposure visits and field trips in social sector service & technology, historical monuments, etc.

Capacity Building

For the ultimate benefit of the students, the scheme will have regular leadership training programme for Head Teachers, rigorous course for teachers, quality & time management training for staff and extra working hours for staff for assignment checking, planning of home work, remedial teaching for weak students, etc.

Other Features

- Transport remuneration for girl students
- Mid-day meals for Grade VI to VIII
- Development of self defense courses for girls
- Effective community participation
- Guest lectures by eminent personalities from different sectors
- Personality development monitored on individual basis
- Counselling centre established in each Model School
